Bronstein Larry. 12/14/65, met at Presidential Hall, where I went to see Jeffers, Ann, by accident, at Circle Cafe, 324 Bourbon St, where I was looking for someone else. He was with a man named Gomez, ~~a city~~ an employee of the mayor's office. He & Ann chatted for some time, more than an hour, possibly as much as two. He is short, rather fat, pleasant, and was friendly.

He did sell a painting to John Dudy - in 1956 or 1957. It was a cheap ($25.00) watercolor by a good artist who also was a "pirate's alley jet ~~fi~~ fighter." (Name begins with an "F"). It was hard to turn him over to the local police.

Kerry Dunkley (he offered to introduce me to Clint Bolton, who he had just seen but I declined, saying I had seen no purpose to be served).

Paine ("former queen") of Steak Pit, knows him. KT had been a waiter there.

Tom Sanction, a waiter, knows KT. He is a former editor of the "Vieux Republic" (?) and now does p.r. work for several people, including the firm of architects, Curtis and Davis.

He has low opinion of KT.

I had gone there looking for a gypsy ~~fortune~~ former assistant DA Marsal (Marsala?), who he likes & of whom he has a good opinion
